What's not included?

Passport & Visa Costs – individual students are responsible for the cost of passport and visa applications. Visa application costs and procedures vary from country to country. Details are available from our office.

Fuel Surcharge – Due to recently announced fuel surcharges by major airlines including Qantas and British Airways, we regret that a A\$150 fuel surcharge will apply to all applications received after 21st April 2011. We reserve the right to increase the fuel surcharge if, at the time of making flight bookings, airlines are charging a higher amount. If no surcharge or a lesser amount is being levied by airlines at that time we will pass on any saving to applicants.

Life's Little Extras – while you are away, your host family will provide you with food and accommodation. However, you will need to take some extra spending money for some of life's little extras. Make sure you have enough for any purchases you may need including personal items, telephone bills, text books, school uniforms, gifts for family and friends and any optional excursions you may take during your time away. We recommend between A\$250 - \$350 a month for most destinations.

Price Guarantee

We reserve the right to increase program prices at any time, however, we guarantee that once you have submitted your application and paid your A\$500 deposit the published price is protected from increase. That means no nasty surprises in the event of currency fluctuations or increases in airfares.
